Wisconsin Real Estate Board to Meet in Waukesha

Madison, WI – The Department of Regulation and Licensing (DRL) will be hosting a Real Estate Board meeting on Thursday, February 19th beginning at **10:00 a.m. (correcting time)** in Room 151 of the State of Wisconsin Office Building, 141 N. W. Barstow Street in Waukesha.

“This is a great opportunity for real estate licensees in Southeast Wisconsin, other parties involved with real estate and the general public to see the work of this board first hand,” said DRL Secretary Celia Jackson. “Holding this type of meeting outside Madison is part of a broader effort to make the work of licensing and regulatory boards more visible and accessible to the people of the State.”

The meeting will include discussion of updates to real estate forms which are being made as well as changes to continuing education requirements which are being considered.

The Real Estate Board consists of seven members, four licensed real estate brokers or salespersons and three public members. The Board is responsible for overseeing the licensing and practice of real estate professionals, including acting where needed to discipline individuals who act improperly in the practice of their profession.

About The Department of Regulation and Licensing:

The Department of Regulation and Licensing, and related professional boards, license and regulate 128 different types of credentials in 57 professional fields. The Department issues over nearly 50,000 new credentials and renews approximately 350,000 credential holders each biennium. The agency also provides centralized administrative services to 64 boards, councils, and advisory committees. The Department of Regulation and Licensing protects the citizens of Wisconsin by ensuring the safe and competent practice of licensed professionals through regulation, education, experience, examination, practice standards, and compliance.
